

Celebrate impact.

Sinai Health is delighted to announce that it will rename Canada's largest complex care and rehabilitation hospital to recognize a transformational \$36 million donation from Jay & Barbara Hennick, long-time leaders and supporters of our organization. **Hennick Bridgepoint Hospital** serves as a jewel in our integrated health care system.

The Hennick gift is the **single-largest philanthropic gift** in the history of Sinai Health, is unrestricted, and will be used to serve our highest priorities, including those at Hennick Bridgepoint Hospital.

Our sincere appreciation to Jay & Barbara for this remarkable gift.
